

# Avino REM™

PROMOTES DEEP SLEEP PATTERNS, LOWERS STRESS LEVEL  
**CONCENTRATED LIPO TROPICS**

**Avino REM** - Promotes deep sleep patterns, lowers stress levels. Achieving restful, deep sleep patterns, or REM, is key for regenerating and rebuilding body tissues, and vital to a successful anti-aging program. Hormonal secretion production peaks two hours into this sleep, lowering muscle degrading stress hormones like cortisol, and raising muscle building and fat burning hormones like IGF-1, HGH and testosterone. REMABOLIC promotes REM sleep, and is a great addition to those who are using Sub L Tropin or Velvet Antler Extract and are looking for true 24 hours anti-aging support. This is also a great alternative to those who may be candidates for sleep medications or are looking to improve their sleeping patterns and minimize stress levels.
