Supplement Facts

Serving Size 1 Capsule
Servings Per Container 90

Amount Per Serving	% Daily Value
Tzyme™ Enzyme Blend	353 mg
Dipeptidyl peptidase IV	500 DPP-IV †
Protease Blend	46,890 HUT †
Phytase	90 FTU †
Alpha-galactosidase	525 GalU †
Amylase	3495 DU †
Pectinase	30 endo-PGU †
Glucoamylase	12 AGU †
Diastase	42 DP †
Lipase	340 FIP †
Invertase	14 SU †
Lactase	140 ALU †
Protease 3.0	2 SAPU †
Alkaline protease	100 USP †
Cellulase	60 CU †
Hemicellulase	60 HCU †
Bifidobacterium infantis (300,000,000 CFU at time of formulation)	30 mg †
Herbal Blend	63 mg †
Fennel (seed), Ginger (rhizome), Flax seed, Peppermint (leaf), Artichoke (leaves) extract	

† Daily Value not established

OTHER INGREDIENTS: CELLULOSE, WATER

RECOMMENDED USE:

One (1) capsule at the beginning of every meal or snack with at least 8 oz. of liquid. Usage may be increased according to need as directed by health care practitioner.

Available in bottles of 90 capsules.

NO FILLERS/NON-ALLERGENIC

Assists the digestion of complex carbohydrates and gluten*

Avoidance of wheat products may not be enough to maintain a gluten-free diet. For example, did you know that gluten is used as a food additive and may be present as a stabilizing agent in salad dressings, ice cream, and even ketchup? Our unique Carbo-G™ formula was created to complement those seeking a gluten-free lifestyle by encouraging more complete digestion and absorption of grains.*

- **Polysaccharolytic Enzyme Blend.** Gluten proteins in wheat products are surrounded by a starchy endosperm cell, which can more effectively be broken down with the alpha-galactosidase, phytase, amylase, glucoamylase, and diastase enzymes included in Carbo-G™.*
- **Proteolytic Enzymes.** In addition to our traditional protease blend, this formulation includes DPP-IV which helps break down some of the stubborn peptides found in grain that are often implicated in gluten intolerance.*
- **Probiotics.** These "good" bacteria naturally present in the gut help support digestion to assist in maintaining optimum intestinal balance.*
- **Herbal and prebiotic plant fiber.** Includes several herbs known for their ability to promote gastrointestinal health.*

Health Benefits: Transformation's Professional Protocol Carbo-G™ is a digestive enzyme supplement designed to help reduce the symptoms of occasional bloating, diarrhea, gas, and abdominal cramps associated with diets high in complex carbohydrates.*
