Supports healthy, gentle detoxification*

Our body's normal elimination process includes ongoing support of heavy metal removal. This natural product is specifically formulated with chlorella and unique ingredients to bind heavy metals so they can be more easily removed from the body as part of the normal detoxification process.*

- **Antioxidant Support.** Chlorella is an important natural antioxidant with natural cleansing benefits known for its ability to help support the liver.* This formula also contains the antioxidant Vitamin C.
- **Gentle Chelation.*** L-cysteine and L-methionine are amino acids that bind with heavy metals. Kelp algae supplies nourishment for vital minerals. Apple pectin is a fiber carrier and the probiotics *L. casei* and *L. acidophilus* are also included to encourage healthy elimination.*
- **Enzyme Blend.** Includes approximately 7,000 HUT of enzymes for effective delivery of the various ingredients.*

Health Benefits: Transformation's Professional Protocol Heavy Metal Defense™ is a chlorella supplement with enzymes which includes a synergistic formulation of herbs and nutritional support to promote a healthy immune system and help the body's normal, continuing removal of toxicity.*
