## Supplement Facts

Serving Size 1 Capsule

Servings Per Container 30/60

Amount Per Serving	% Daily Value	
Tzyme™ Probiotic Blend	442 mg	†
Lactobacillus plantarum	3 billion c.f.u.	†
Lactobacillus sporogenes	380 million c.f.u.	†
Lactobacillus salivarius	300 million c.f.u.	†
Bifidobacterium longum	200 million c.f.u.	†
Lactobacillus casei	225 million c.f.u.	†
Lactobacillus acidophilus	1 billion c.f.u.	†
Jerusalem Artichoke tuber	20 mg	†
Lactoferrin (from milk)	10 mg	†

† Daily Value not established

Other Ingredients: Cellulose & Water

## Supports digestion for a healthy intestinal balance\*

Beneficial bacteria often become imbalanced by poor diet choices and environmental lifestyle stressors. Issues can arise when opportunistic microorganisms feed on undigested food molecules, creating gas. This comprehensive probiotic formula includes six different probiotic sources totaling more than 5 billion colony forming units (c.f.u.) per capsule. Chosen for their safety and efficacy, the GI stable and heat stable microorganisms mirror the ratios found in a healthy GI tract.\* These organisms enhance the ecological balance of friendly bacteria, benefiting digestion, elimination, and immune function by populating the gut with the "friendly" naturally occurring bacteria vital to our overall health.\*

- **Probiotic Blend.** Optimal flora supports relief from occasional GI discomfort, reduces problems associated with lactose intolerance, and encourages healthy and timely elimination by acting as a natural stool softener.\* Probiotics also support production of enzymes such as protease, lipase, and lactase, further encouraging more complete digestion.\*
- **Jerusalem Artichoke.** This tuber is a prebiotic plant fiber that supplies nourishment for good bacteria.\*
- **Lactoferrin.** This multifunctional protein is known for its ability to support a healthy immune system.\*

**Health Benefits:** Transformation's Professional Protocol Probiotic™ is a probiotic supplement designed to help promote gastrointestinal system health, assist with regularity, and support a healthy immune system.\*
