Jerusalem Artichoke tuber	21 mg †
† Daily Value not established	

Other Ingredients: Cellulose & Water

## RECOMMENDED USAGE:

Take one (1) capsule upon rising or at bedtime with at least 8 oz. of water. Contents may be removed from capsule and taken by spoon immediately after mixing with a small amount of tepid water. Usage may be increased according to need as directed by health care practitioner.

REFRIGERATE FOR OPTIMUM ACTIVITY

Available in bottles of 30 capsules.

NO FILLERS/NON-ALLERGENIC

## Maximum strength formula for healthy intestinal balance\*

The demand has never been greater for a maximum strength probiotic formula. Beneficial bacteria often become imbalanced by poor diet choices and environmental lifestyle stressors. Issues can arise when opportunistic microorganisms feed on undigested food molecules, creating gas. This carefully mixed selection of GI stable and heat stable microorganisms mirrors the ratios found in a healthy GI tract.\* These organisms enhance the ecological balance of friendly bacteria, benefiting digestion, elimination, and immune function by populating the gut with the “friendly” naturally occurring bacteria vital to our overall health.\*

- **Probiotic Blend.** Our most comprehensive probiotic formula includes ten different strains of bacillus, lactobacillus, and bifidobacterium microbionica totaling 42.917 billion colony forming units (c.f.u.) per capsule.\*
- **“Friendly” Bacteria.** Optimal flora supports relief from occasional GI discomfort, reduces problems associated with lactose intolerance, and encourages healthy and timely elimination by acting as a natural stool softener.\* Probiotics also support production of enzymes such as protease, lipase, and lactase, further encouraging more complete digestion.\*
- **Jerusalem Artichoke.** This tuber is a prebiotic plant fiber that supplies nourishment for good bacteria.\*

**Health Benefits:** Transformation’s Professional Protocol Probiotic 42.5™ is a probiotic supplement designed to help promote gastrointestinal system health, assist with regularity, and support a healthy immune system.\*
